Telstra Liverpool St, Sydney

B2B represented and acted on behalf of Telstra with the building owner and representatives regarding the base building-upgrade works for Levels 1-9, leased by Telstra.

Contract Value: \$17 million

Duration: 13 months

Scope of work:

- Engaged and managed all consultants, trade services and contractors.
- Fit-out construction included:
 - Partition and glazed wall construction
 - Horizontal and vertical communications network installed to Telstra's internal cabling standards
 - Mechanical, electrical, hydraulic and fire modifications performed to suit new fit-out
 - FFE supplied and installed
 - New joinery installed
- High-end meeting and training facility constructed on Level 1, consisting of high-end formal boardrooms, team training rooms, large meeting and video conference rooms.
- A 200-square-metre data room constructed to accommodate essential networking services including a raised access floor, underfloor CRAC units and backbone network infrastructure.
